

WILLIAM SCHNEIKART PERSONAL INJURY LAWYER

William Schneikart has spent his entire career preparing himself to offer you and your loved ones the experience, aggressiveness and compassion that you deserve in a personal injury attorney. After law school, he established a strong

foundation as a trial lawyer. The state of Florida entrusted him with a badge and the responsibility to prosecute dangerous felons.

In Tampa, he became a personal injury attorney and learned how insurance companies evaluate and defend the claims of injured people. He now uses this knowledge every day to help his personal injury clients get fair compensation from insurance companies.

In 1980, he brought his practice to Pinellas County and has devoted his life to helping injured people put their lives back together after serious injuries. He personally meets with each person who comes to him for help. He puts his 30 years of experience to work for each client. Mr. Schneikart will spend a great deal of time with you helping you understand the law and the critical roll your doctors play in the outcome of your case. His mission is to work with you as a partner to obtain prompt, fair compensation for you.

"It has been so difficult being so far away, but knowing you and your great staff have taken care of everything (and I do mean everything) has been a great relief to me and to our whole family. It isn't often you can meet someone, sign a contract with them, and know they are honest and will do their best for your child; well, I really did have that feeling with you and your staff, and I have been proven right."
